

West Coast Swing Dance Club

Lisa Gendron

BIO:

I guess I should just say I love music. I come from a very musical family. My mom and dad were singers, my dad was the church choir director and my mom was the organist. My two brothers and I grew up singing, and playing various instruments. I played the french horn in band, and then studied voice, piano, music theory and music appreciation in college. It must have worked because I still love singing, and have performed many vocal solos in lots of venues, including singing with the Cosmopolitan Singers and the St. Louis Symphony Orchestra at Powell Hall.

And now I'm fully enjoying being a St. Louis Rebels DJ, playing the newest and best west coast music for you dancers! I'm also DJ'ing for the Jefferson County Swing Dance Club on a monthly basis, and for weddings, reunions and other parties. As they say, I'm having the time of my life!
